

I want to voice my disapproval of Sinclair Broadcasting's mandatory airing of the anti-Kerry "documentary" "Stolen Honor" on it's affiliated stations. This piece is presented as NEWS instead of opinion, which it is. The tactic of offering the public false information as the truth, is contrary to the obligation Sinclair Broadcasting has to serve the public interest. This mega corporation should be forced to stop airing propaganda. If not, at least present an opposing pro-Kerry view/program, such as "Going Upriver" soon after the other piece airs. The airways are not free when companies, such as Sinclair Broadcasting, are allowed to monopolize and sway public opinion with their own agenda. Thank you for your time.
